

Your future starts in a child care center

We offer interested young career starters a top training as a child care specialist EFZ at our various ylaa locations.

Our apprenticeships are preferably awarded to employees who have previously successfully completed a vocational preparation year (internship) at the ylaa child care centres. Read on for detailed information!

Our ylaa child care centres are professionally managed and family-like child care centres, which offer children aged three months up to entering kindergarden, a pedagogically valuable family-complementary care.

The vocational preparation year (internship) at ylaa child care centres

Our interns are a valuable and important part of the team and support the educators in their daily work. You will be accompanied and promoted by means of a concept specially developed by the kidéal Group with a focus on personality development. This support program provides a good foundation for a responsible start to your education.

Your basic training has already been completed, but you still want to continue your education? Then take a look at the career opportunities at ylaa child care centres on the last page of this brochure.

Field of work

You are mainly responsible for supporting the educators as well as the care and age- and needs-appropriate support of the children. In addition, you will support the team in the implementation of the pedagogical concept, help shape the varied and flexible group everyday life, help with various ylaa events and maintain contact with the parents.

Objectives

Through internal guidance, you will acquire specific expertise, which you will continuously deepen.

During the vocational preparation year (internship), you will also work out various objectives according to the concept specially developed by the kidéal Group. These are regularly assessed, discussed and, if necessary, adjusted.

Requirements for an internship year at ylaa child care centres

- Enjoyment of dealing with children
- High degree of responsibility
- Exemplary appearance
- Ability to work in a team
- Test result Multicheck and/or interlocking tests

Your opportunities after the vocational preparation year (internship) at ylaa child care centres

Training as a child care specialist EFZ (3-year basic training)

Training as a child care specialist EFZ at ylaa child care centres

Field of work

As a child care specialist EFZ you accompany children mindfully and benevolently in their development and in their living environment. Targeted observations make it easier for you to plan the care tasks with the help of your work team and to tailor them exactly to the needs and interests of the children.

You will also accompany the children in playing and learning and help them to have positive experiences. In this way, you support them to develop intellectually, emotionally and physically positively and to integrate well into their social environment.

Topics during apprenticeship

- Application of transversal competencies
- Accompaniment in everyday life
- Enabling autonomy and participation
- Acting in specific accompanying situations
- Supporting bonding and development, maintaining and promoting quality of life

Three places of learning

- Professional training practice at the workplace
- School education at the vocational school
- inter-company courses in addition of professional practice and school education

Requirements for an apprenticeship as a child care specialist EFZ

- Preferably successful completion of an internship year
- Secondary school level A or B
- Enjoyment of dealing with children
- High degree of responsibility
- Exemplary appearance, both internally and externally
- Good knowledge of German, knowledge of English would be an additional asset
- Ability to work in a team
